

JAN MANUEL BAGARES

T.S. Cruz Almanza Dos Las Piñas City | 09957128062 | jmbagares.com

SUMMARY

Passionate and driven front-end developer currently pursuing a Bachelor of Science in Computer Science. Equipped with hands-on experience from academic projects using HTML, CSS, JavaScript, and React.js. Knowledgeable in computer hardware and basic maintenance, networking basics and PC assembly and troubleshooting. Eager to apply both software and hardware skills, creativity, and teamwork in a real-world development environment.

PROJECTS

CvSU Enrollment System

- Designed and developed the responsive front end of the enrollment system using React.js, CSS, and Bootstrap.
- Integrated Axios for API requests and implemented real-time form validation for a smooth user experience.
- Collaborated with the team to connect front end to backend services and ensured the UI followed modern design practices.

PetSOS

- Developed a mobile application for community-based animal rescue using modern frameworks
- Implemented geolocation features to report and track rescue incidents in real time
- Designed user-friendly interfaces for reporting, notifications, and volunteer coordination
- Integrated APIs for AI-assisted response and backend data management

SKILLS

HTML5/CSS	React	Expo
JavaScript	React Native	Tailwind CSS
Photoshop	Framer Motion	Vite
Computer Hardware & Maintenance	WordPress	Git
